**DSI** Samson group

## ABOUT US

Established in 1962, D Samson Industries (Pvt) Ltd stands as Sri Lanka's market leader in footwear manufacturing and retailing, and a prominent exporter. We are proud to be the first shoe manufacturing plant in Sri Lanka to achieve ISO 9001:2015 certification.

At DSI, we produce footwear for every member of the family, from men's, women's, and children's shoes to comfortable rubber and EVA slippers. We are particularly recognized for our commitment to sustainable footwear, holding FSC™ (FSC-C009557), Vegan, Recycled, and Organic certifications for a range of products including rubber flip-flops, canvas vulcanized sneakers, and rubber wellington boots.

Our unwavering commitment to high-quality standards has earned DSI an excellent reputation among our clients since our inception. With an annual production exceeding 30 million pairs of footwear and a dedicated team of 2,500 employees, we continue to grow.

DSI footwear is meticulously crafted in four expansive, modern production facilities. These facilities are equipped with state-of-the-art technology, featuring advanced machinery and tools for processes such as rubber compression, vulcanizing, EVA and PVC injection, hot and cold EVA molding, PU pouring, and sophisticated screen and digital printing.
